A "NEW WRUW-PHONIC" HIGH FIDELITY RECORDING

15,000 WATTS

Dear Loyal Listeners,

Wow!... is about the only word I can think of right now when this summer at WRUW comes to mind. Currently, we're in the middle of one of the most exciting, busiest, and all around just plain fun summers we've ever had. There's just so much going on down here at our 15,000 watt station that we can't help but be excited.

With the **Hessler Street Fair**, the **CMJ Rock and Roll Hall of Fame Music Festival**, **Studio-A-Rama**, and the return of *Live From Cleveland*, we're chock-full of great live broadcasting which you can also be a significant part of. The Hessler Street Fair runs Saturday May 21 and Sunday May 22 from noon to dusk. This outdoor festival featuring live bands, vendors, and other fun amusements celebrates the cultural history around one of Cleveland's most creative neighborhoods. The CMJ Rock and Roll Hall of Fame Mu-

sic Fest will kick off Thursday June 9 and run all the way through Saturday June 11. Over these three days, one hundred bands will make their way through Cleveland in one of the largest music festivals in the country. Each day from noon to 6 pm, WRUW 91.1 will be live broadcasting from the festival site on the west bank of the Flats. We'll be bringing you the best in festival news and interviews while we have fun in the sun, chilling to some great tunes in the Flats. On September 10, take a trip down to University Circle to catch our free live outdoor concert Studio-A-Rama. It'll be running all day and will be simulcast over the airwaves so that even if you can't take a part of your Saturday to make it down here, you won't be left out. Also, making its return for the first time in nine months, the classic WRUW live music show, *Live from Cleveland*, once again hits airwaves. With an awesome lineup of great local talent, all you have to do is tune in every Thursday night at 10 pm to hear a live concert in the comfort of your own home, car, or wherever you like to hang with friends.

New this summer, WRUW presents to you a brand new show dedicated to reporting what's happening in the local scene, *Coming to Cleveland*. This show will feature a weekly-updated concert calendar, recorded interviews, and an inside look at all the shows which make their way through this great music city. With a complete concert list from nearly every venue in the area, Tuesday evening at 7 pm is your place to turn to find out who's coming to town and when.

Meanwhile, inside the station, we're experiencing a massive transformation. Currently, we're underway constructing our new broadcast studio complete with new digital mixing console and interview booth. After we're moved in and comfortable, 91.1 FM will sound better than it ever has.

As always, we will continue to feature our diverse selection of the best music around, which you will be hard-pressed to find anywhere else on the Cleveland airwaves. With our thought provoking public affairs programming, you will get a chance to hear news and views otherwise not heard on radio or television airwaves. So regardless if Rock and Roll, Folk, Indie Rock/Pop, Reggae, Metal, Jazz, Blues, Ska, Electronic, Hip-Hop, Bluegrass, Latin, or World Music is your thing, we're sure that you'll find a program that you enjoy here on WRUW-FM 91.1 Cleveland.

Thank you for all your support over the last few, or many, years. We've been able to do so much thanks to your generous support through our Telethon. We promise to do all that we can to bring you the best in alternative non-commercial college radio.

Have Fun,
Tim O'Connor
General Manager, WRUW-FM 91.1

Save the Date! WRUW's 24th Annual Studio-A-Rama

Studio-A-Rama, our signature annual outdoor concert, is scheduled to take place on Saturday, September 10, 2005. As always, the event will be free and open to the public. It's our way of helping to promote the local music scene, giving back to our listeners, and winding up summer on a high note! The music will begin at 2pm and will end around midnight. Local and regional bands will be featured plus a big-shot national headliner. Studio-A-Rama will take place outside the WRUW studios in the Mather Courtyard at the corner of Ford and Bellflower in University Circle on the campus of Case Western Reserve University. The event will also be simulcast at 15,000 watts on WRUW-FM 91.1 and also webcast at www.wruw.org. Bring a blanket. Bring the children. Bring your cooler. Just don't bring any glass bottles. Stay tuned to wruw.org for the full line-up and other details as summer progresses.

Interested in playing on the Studio-A-Rama stage this summer? Studio-A-Rama is a great opportunity for local and regional artists to showcase their talent and have their music heard. 8-9 bands will be chosen to share the stage with a national act. Notable headliners from past years include Guided by Voices, New Bomb Turks, and Birth. Bands submissions are being accepted now through July 1, 2005. WRUW will review all submissions postmarked by July 1 from local and regional bands who wish to play and have not participated in the past 4 years. All types of music will be considered. If you've sent a submission in past years, but weren't chosen to play the event, we highly encourage you submit your music again for consideration.

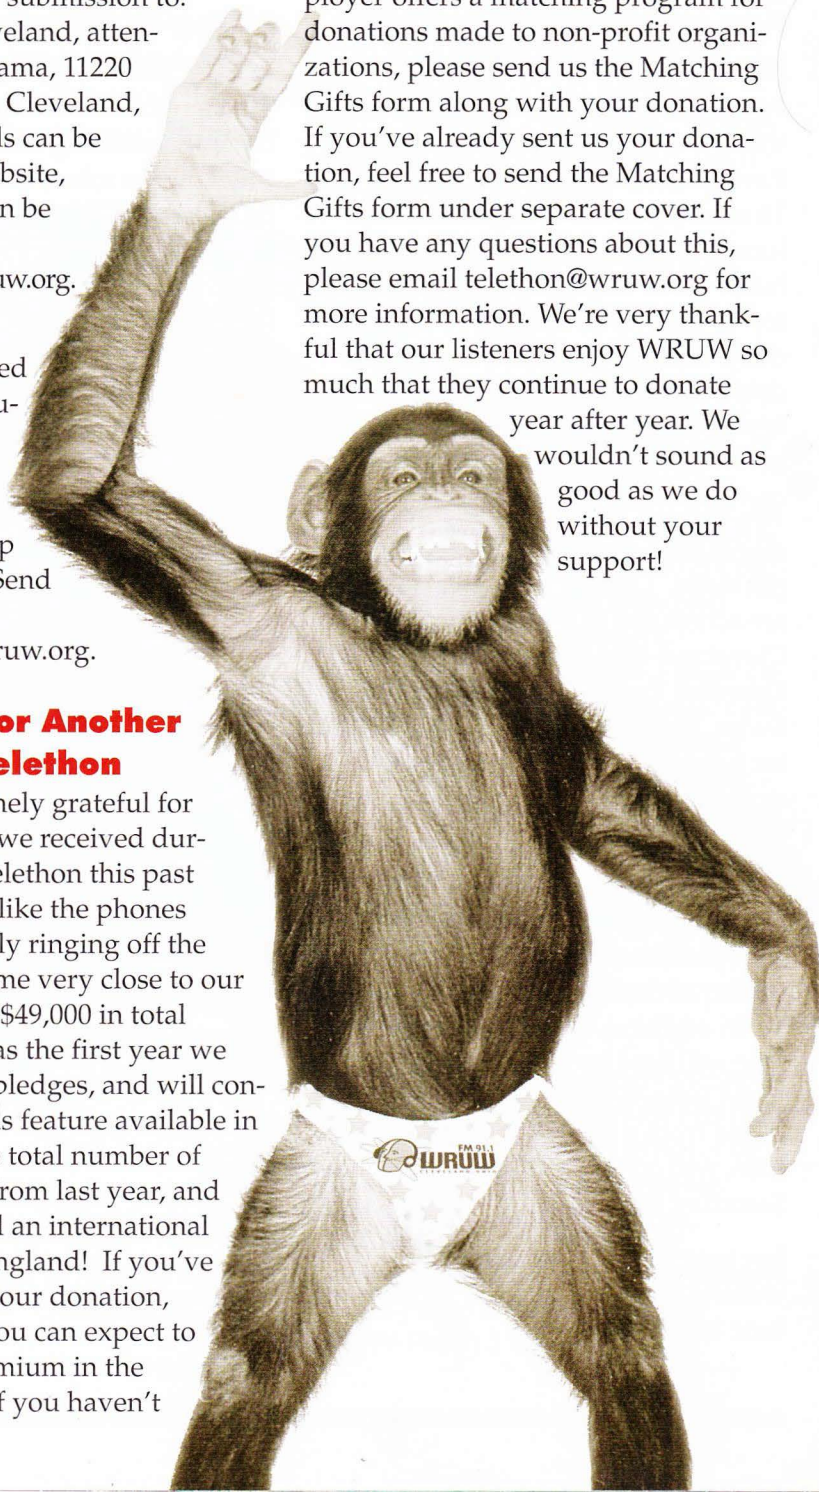

Interested bands should send the following information: A sample of your music (minimum of 4 songs), CD format is preferred; band line-up (full names please) and bio; website if available; contact information with phone number and e-mail address; band photo (a high resolution electronic image on CD with laser print is ideal). Mail your submission to: WRUW-FM Cleveland, attention: Studio-A-Rama, 11220 Bellflower Road, Cleveland, OH 44106. Details can be found on our website, and questions can be sent via email to studioarama@wruw.org.

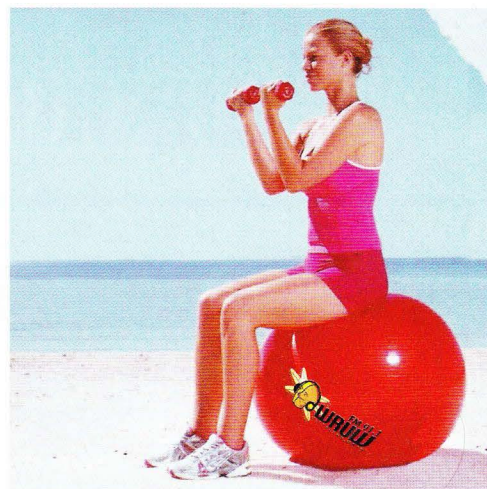

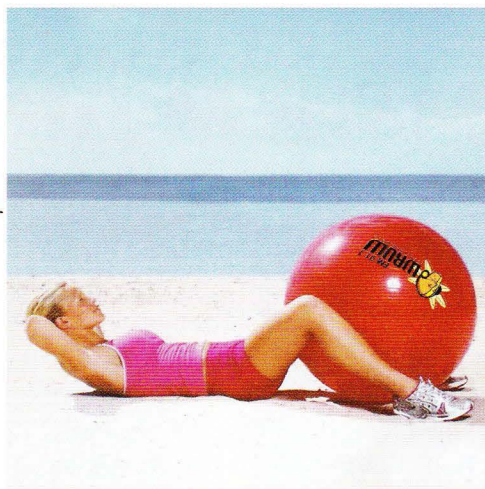

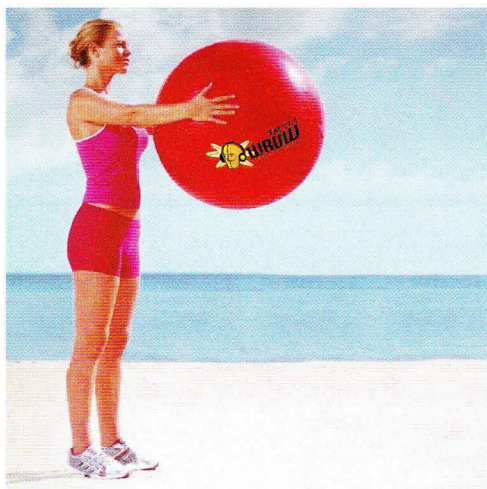

Are you a local business interested in supporting Studio-A-Rama? We're always looking for underwriters to help with this event. Send us an e-mail at studioarama@wruw.org.

Thank You for Another Successful Telethon

WRUW is extremely grateful for the pledges that we received during our annual telethon this past April. It seemed like the phones were continuously ringing off the hook, and we came very close to our goal with nearly \$49,000 in total pledges. This was the first year we accepted online pledges, and will continue to make this feature available in future years. The total number of donations is up from last year, and we even received an international donation from England! If you've already sent us your donation, THANK YOU; you can expect to receive your premium in the next 2-4 weeks. If you haven't

yet fulfilled your pledge, please take a minute to do that today. We have big plans for this summer, including construction of a new air studio, purchase of a new mixing board for the air studio, and Studio-A-Rama of course! Big plans cost big money, and we aren't able to stay on track if the money stops rolling in. If your employer offers a matching program for donations made to non-profit organizations, please send us the Matching Gifts form along with your donation. If you've already sent us your donation, feel free to send the Matching Gifts form under separate cover. If you have any questions about this, please email telethon@wruw.org for more information. We're very thankful that our listeners enjoy WRUW so much that they continue to donate year after year. We wouldn't sound as good as we do without your support!

WRUW Will Broadcast Live From the CMJ/Rock Hall Music Fest June 9-11

WRUW will be set-up at the Festival Village, located just outside the Scene Pavilion on the West Bank of the Flats, Thursday June 9 through Saturday June 11. Be sure to stop by and say hello! In addition to keeping you updated on the happenings at the Music Fest, we'll bring you interviews from artists and music industry folks.

Local and national artists are scheduled to perform, including Cleveland-based acts Plasma, The Dreadful Yawns, This Is Exploding, Swim, Rambler 454, and Rosavelt. After 6 pm shows will take place each evening at some of Cleveland's finest music venues.

Did You Know That You Can Listen to Your Favorite Show on Our Website?

That's right! In addition to listening to the live streaming audio via your computer, if you miss your favorite show, be sure to log onto www.wruw.org and navigate to the Program Guide page. From there, you can stream the latest edition of each show (in MP3 format), and can even save a copy of the broadcast for future enjoyment. Check out the program descriptions and weekly schedule in this insert—you may be surprised to read about all of the great shows that you've been missing!

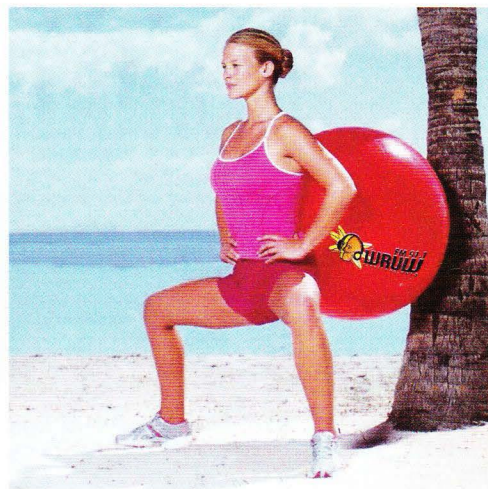

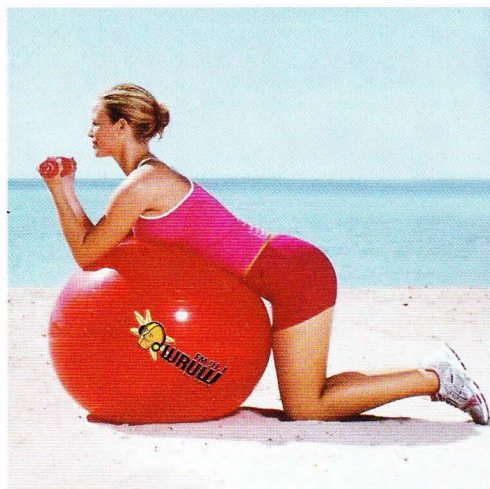

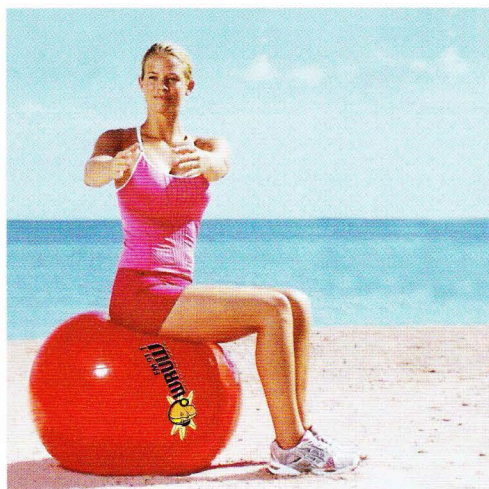

Underwriting and You! Or How To Show Your Support and Show Off a Little Too!

Yourdictionary.com tells us underwrite means: to assume financial responsibility for; guarantee against failure: underwrite a theatrical production. To support or agree to (a decision, for example).

Here at WRUW we would like to expand this definition a little. We are looking for a few good companies, organizations, or individuals who are interested in the opportunity to show their financial support for our volunteer-run, non-profit radio station. In return for your tax deductible generosity, WRUW underwriting provides your organization the opportunity to air a non-commercial message and be recognized as a supporter of a culturally diverse radio station broadcasting a 15,000 watt signal (which covers a 75 mile radius of Case Western Reserve University) to greater Cleveland. In addition, WRUW's signal is broadcast worldwide on the Internet.

Participation in WRUW's tax deductible underwriting program will identify you as a supporter of quality, independent, diverse radio and deliver a non-commercial on air message to our listening audience. Underwriting messages can be tailored to your specific need or requirement. Cost of underwriting varies with length of message and number of times you would like to have your message aired. Many different packages are available.

To have your message aired or to find answers to additional questions you may have, please e-mail Underwriting Director, Roger S. Weist, at underwriting@wruw.org or call 216-368-2207.

Are You In a Band That's Looking For Radio Airplay?

Please email md@wruw.org and ask to be added to the *Iceburg* e-mail list after you've sent us your music.

Comedy Comes To WRUW. Funnier Than You, Tuesdays 11pm-midnight

Deep in the WRUW archives is a little known and rarely used section called the "comedy" section. Featuring classic comedy over the last five decades, very few WRUW programmers knew of its existence. Then one day, a WRUW programmer named Brandt stumbled upon the section and thought, wouldn't it be great to have a show on WRUW that features these classic comedy bits, funny songs and any other hilarity that might ensue in the process? I mean, we have a Klezmer show, why not a comedy show? So Brandt got some of his fellow programmers together and they created *Funnier Than You*, WRUW's weekly comedy showcase, brought to you by your favorite WRUW programmers.

That day, those programmers swore an oath to bring you the funniest bits from the WRUW archives, and to never be wacky or zany. Just funny. Funnier than you. Funnier than all of us.

Check out *Funnier Than You*—Tuesdays from 11 pm to midnight, only on WRUW-FM 91.1 Cleveland.

Prudence, indeed, will dictate that governments long established should not be changed for light and transient causes; and accordingly all experience hath shown that mankind are more disposed to suffer, while evils are sufferable than to right themselves by abolishing the forms to which they are accustomed, but when a long train of abuses and usurpations, pursuing invariably the same object evinces a design to reduce them under absolute despotism, it is their right, it is their duty, to throw off such government, and to provide new guards for their future security."

GARRY SEMAN
What type of music is played on *Music for Psychedelic Submariners*? Well I play a hitherto unknown genre known as Stoner Music. It has been hitherto unknown because I kinda, sorta made it up as part of an ill-conceived plot to use the word genre. What is stoner music, you may or may not ask? Well, stuff like this...Frank Zappa, Heritage Drive, Pat Metheny, Joi, Stereo Lab, King Crimson, Miles Davis, AIR, Curved Air, Kraftwerk, Rare Blend, The Grateful Dead, Tryax, Focus, early Genesis, Rick Ray, Deep Purple, Mike Oldfield, Mahavishnu Orchestra, early Yes, Sid Barret, Takako Minekawa, Al DiMeola, Tomita, Hawkwind, Robert Fripp, Jeff Beck, Jazz is Dead, Liquid Tension Experiment, Jean-Luc Ponty, Return to Forever, Walter and Wendy Carols, The Tubes, Brian Eno, David Gilmour, Rick Wakeman, New Fast Automatic Daffodils, Lush, and many others.

11:00-2:00 am Down by the Cuyahoga JIM SZABO
"Understanding the principles used in any period of creativity is a must before one is able to replace them (understanding empirically or intuitively). Once any strong position is secured, solidifying with the whole becomes important. It is with this relationship that we are able to see the total progression as well as the significance of whatever our activity is about. Seen in this light the music we call jazz takes on a special importance. It is in this music that the human spontaneous vibration can be attached to both the direct situation of the music and also understanding of the total context of the environment itself....not to mention the fact that the whole gamut of the music is equally beautiful as well as rewarding to play. It is because of this that jazz from Louis Armstrong to Albert Ayler is the new music... The reality hasn't changed, only the spectacle." —Anthony Braxton
